

CLOSING DATE
9 May 2019

QUALITY ASSURANCE OFFICER

SUMMARY

To support the maintenance and development of our Quality Management Systems to ISO9001, AS 9100 REV D and ISO 13485:2016 standards.

JOB ROLE

Reporting to the QA Operations Lead you will liaise closely with all levels of staff in Victrex Polymer Solutions to maintain and develop Quality Management Systems focused on the design manufacture and sale of high performance polyketones including PEEK-OPTIMA® products to add value, drive customer focus, continual improvement and meet quickly changing industry, regulatory and customer requirements.

You will manage the QA activities associated with suppliers, internal stakeholders and customers regarding products, specifications and approvals.

The successful candidate will conduct internal/external audits on all functions and manage the resulting improvement actions.

REQUIREMENTS

A qualified and experienced ISO9001:2015 auditor.

Experience of handling complex data using statistical techniques and a high level of computer literacy are essential requirements. The successful candidate must be able to influence others and work independently with integrity.

A scientific degree and experience of auditing to AS9100 or IATF16949 quality management systems within a manufacturing environment would be advantageous.

▶ TO APPLY

In addition to a competitive salary we also provide a range of attractive benefits, including company pension and healthcare schemes. If you believe you have the drive and potential required to join our team, please email your CV to:
