## SAFETY HEALTH AND ENVIRONMENT (SHE) MANAGER

### SUMMARY

We are seeking to appoint a SHE Manager to join an established UK team supporting the needs of Victrex's UK manufacturing footprint and the broader corporate organization.

**This position could be based at either our Hillhouse site in Thornton Cleveleys or at our Rotherham site.**

### JOB ROLE

The successful roleholder will be the global SHE subject matter expert for process safety and provide **project** SHE support and assistance in the development of the Safety Health and Environmental Management Systems (SHEM's) to drive simplification and improvement.

### REQUIREMENTS

With a NEBOSH Diploma in Safety, Health and Environmental Management or equivalent, you will have experience of leading process safety improvement and SHE program management globally within high hazard industries.

It is essential that you have experience of providing SHE support on a global basis, with strong and effective influencing and rapport building skills which enable you to effectively deliver the required support,

The successful candidate will also have an in depth understanding of current and impending SHE process safety legislation and Codes of Practice and standards associated with operating on COMAH sites. An understanding of SHEM's, standards and procedures and their implementation and monitoring is critical to be successful in this role.

### ▶ TO APPLY

In addition to a competitive salary we also provide a range of attractive benefits, including company pension and healthcare schemes. If you believe you have the drive and potential required to join our team, please email your CV to:
