MANUFACTURING TRAINING OFFICER

SUMMARY

The role of Manufacturing Training Officer will support the delivery of training and development to all manufacturing and maintenance personnel. You will improve standards and performance across all manufacturing areas, whilst maintaining training systems in line with site regulator, SHE and area manager requirements.

This role is fixed term for a 9 month period.

JOB ROLE

The role holder will organise, coordinate and deliver training to ensure that standards are maintained and developed across their areas of responsibility on the Hillhouse site.

Provide training and competency assurance for Continuous Improvement projects to ensure training is standardised across all shifts with a consistent approach

Work in partnership with the Operations team to update training literature in line with Plant SOPs and ensure training records are accurate and up to date.

REQUIREMENTS

The successful candidate will have the ability to communicate confidently and influence stakeholders when required. The successful candidate will have an understanding of how to assess competence. It is desirable that the candidate has experience of organising, delivering and improving training with the ability to conduct gap analysis to continually improve the level of service.

▶ TO APPLY

In addition to a competitive salary we also provide a range of attractive benefits, including company pension and healthcare schemes. If you believe you have the drive and potential required to join our team, please email your CV to:
